

**United States Tennis Association**  
**Arthur Ashe Stadium**  
**Flushing Meadows Corona Park, NY**  
**HVAC Suite Upgrades**

## Contract Description

Lighting Power Riser for Temporary Chiller, and HVAC wiring.

## Scope of Work

In each of the 90 suites in Arthur Ashe Stadium (on the Club and Mezzanine Levels), disconnect existing fan coil units (FCU's) and wire new FCU's. Remove and reinstall lighting fixtures as required and relocate existing conduits and cabling in the ceiling to accommodate new FCU installation. Furnish and install temporary power riser for 250 ton temporary chiller, including installation of locomotive cable and supports, as well as a camlock enclosure for connection to existing service switch. Project designed for upgrading A/C service in suites.
